New Nuclear Development Update Report
V.C. Summer Units 2 & 3**

During the week of April 16, 2018, Office of Regulatory Staff – New Nuclear Development personnel (NND Personnel) worked at the VC Summer site on Monday.

On Monday April 16, NND Personnel attended the Plan of the Day meeting which focused on safety, SCE&G security and demobilization/abandonment of the site. The following activities were discussed:

- Removal of underground sanitary waste tanks.
- The demobilization of large storage containers continues.
- Craft labor continue to perform maintenance on storm water basins.
- Reorganizing the laydown yards to consolidate plant material.
- Hydro-seeding areas of the site for erosion control.

The “Right of Entry” agreement is still under review for approval. The “Right of Entry” agreement would allow Santee Cooper’s contractor access to plant equipment on the construction site and plant equipment located at the offsite warehouses in Blythewood and West Columbia (Metro).
